

Submitting a SIMPLEG-WBM coupling job to Purdue Brown cluster

2021 Submit a SIMPLEG-WBM coupling job to Brown cluster :

[Submit a job to Brown](#)

2020 Stakeholder Advisory Board meeting:

Time: December 15, 2020: 2 – 4pm

- Abstracts of potential presentations (feedback requested regarding Advisory Board preferences)
 - NSF INFEWS Abstracts: Note that authorship lists are evolving and may involve Advisory Board members in cases where their expertise is required.
1. Bioenergy and climate mitigation:
 1. [Biofuels reduction](#)
 2. [Climate policy](#)
 2. Water quality:
 1. [Wetlands N removal](#)
 2. [Nitrate leaching reduction](#)
 3. [Pollution trading](#)
 3. Groundwater sustainability:
 1. [Groundwater sustainability](#)
 2. [Irrigation efficiency](#)
 4. International spillovers:
 1. [Global impact of US set asides](#)
 5. Synthesis:
 1. [Multiple levers and sustainability solutions](#)
 6. [K-12 Component of INFEWS: Video tutorials](#)

You may download the presentations here:

[Agenda](#)

[Identifying Sustainability Solutions through Global-Local-Global Analysis of a Coupled Water-Agriculture-Bioenergy System](#)

[Global–Local–Global Water Quality solutions towards reducing Gulf hypoxia](#)

[Water Scarcity: Impacts and Solutions](#)

[Global Land Use Spillovers from US Land Conservation Policies](#)

[US Climate Policy Revisited: The Role of Non-CO2 Greenhouse Gas Emissions](#)

[GLG Analysis of Coupled Systems](#)

[Reimagining the US Agricultural System for Environmental Sustainability](#)

Advisory Board Meeting, December 17, 2019
